

Technology Officer

Join us at SPX and be part of the team that's shaping the future of Fiji's capital markets.

About SPX

The South Pacific Stock Exchange (SPX) is the only licensed securities exchange in Fiji and is regulated by the Reserve Bank of Fiji. SPX plays a crucial role in driving economic growth by providing a platform for capital raising and investment opportunities. We are now seeking a dynamic and dedicated **Technology Officer** to join our team and contribute to the expansion of our market.

About the Role

As the Technology Officer, you will be responsible for the planning, implementation, and maintenance of the SPX Group's IT Environment. In this role, you will oversee the day-to-day management of SPX's IT infrastructure, ensuring high availability and security of all systems. You will provide technical support to staff, manage user access, perform regular system backups, and maintain IT documentation. You will also assist in planning and implementing IT strategies, ensuring compliance with industry standards, and managing relationships with external vendors. Additionally, you will play a key role in supporting digital transformation initiatives and assist with the implementation of new technologies and managing IT projects. This role offers a unique opportunity to gain hands-on experience across all aspects of IT within a financial services context.

What We're Looking For

- **Qualifications:** Degree in Information Technology, Computer Science, or a related field.
- **Experience:** Minimum of 2-3 years of experience in a similar role, preferably within financial services. Proven experience in managing IT in a corporate environment, with a strong understanding of IT infrastructure management, network administration, and cybersecurity practices. Experience with cloud-based systems and project management is essential.
- **Skills:** Proficiency in IT systems management, cybersecurity, and project coordination. Excellent problem-solving abilities, strong communication skills, and the capability to work independently. Awareness of industry trends and technological developments.
- **Attributes:** High integrity, accountability, attention to detail, and a strong team orientation.

Why Join SPX

- **Impact:** Take full ownership of IT functions in a key financial institution, contributing directly to the stability and growth of Fiji's financial markets.
- **Growth:** Develop your skills in a hands-on role with significant responsibility and opportunities for professional development.
- **Opportunity:** Be part of a forward-thinking organization that supports professional development.

SPX is an equal opportunity employer. If you are passionate about technology and eager to make a difference, we encourage you to apply.
